TRANSPARENCY ON RESOURCE ROYALTIES

Mr. Speaker, in responding to Oral Question 77-18(3) I referenced the Bauer Report and stated that I thought royalties received by the Government of the Northwest Territories were approximately \$83 million a year.

I have reviewed the Bauer Report and the Main Estimates and would like to take this opportunity to correct the record. According to the Main Estimates, non-renewable resource revenue for 2015-2016 was \$58,346,000.00 and for the following year was \$63,284,000.00.

I apologize for any misunderstanding this may have caused.

Thank you, Mr. Speaker
