Workers' Safety and Compensation Commission Rate Structure

This letter is in follow-up to the Oral Question you raised on February 25, 2019 regarding the Workers' Safety and Compensation Commission Rate Structure.

During our discussion, I committed to providing information on:

- What class and subclass applies to the Government of the Northwest Territories towards the WSCC's rate structure?
- Informing their Governance Council of industry's concerns regarding this rate structure.

The Government of the Northwest Territories falls under the Class 88, Public Administration and Defense; Subclass 81, Governments of the Northwest Territories & Nunavut and Public Utilities. The rate being paid under this subclass for the year 2019 is \$1.01.

As per my commitment, I have provided your request to the Chair of the Workers' Safety and Compensation Commission Governance Council who will bring it forward to the Governance Council.
