Aurora College Foundational Review Terms of Reference

Thank you for your correspondence of June 30, 2017, respecting the terms of reference (TOR) for the planned foundational review of Aurora College. The Standing Committee on Social Development appreciates the incorporation of its recommendations into the final TOR, as well as your commitment to further dialogue and to periodic progress reports.

To that end, the Committee seeks an update on the current status of the foundational review. The Committee's concerns at the project's strict timeline, particularly the intention for the review to be completed by the end of the calendar year, have not been allayed, particularly as the contract has yet to be awarded.

The Committee also requests:

- a brief summary of all current review and/or assessment projects relating to Aurora College and their status, including the strategic planning project reported by the CBC on August 8, 2017 ("Another contract to study Aurora College about to be awarded"); and
- a brief summary of actions taken by the department and Aurora College in response to the Cleveland report.

Thank you for your assistance.

Shane Thompson
 Chair, Standing Committee
 on Social Development
